FROM THE SAFETY COMMITTEE:

We wish to extend a thank you to all parents and emergency alternates who participated in our first emergency release drill. We also wish to congratulate all the students for their patience and co-operation while waiting in their family groups. It was a positive experience and allowed the staff to put into practice what has been learned over the course of the year in regards to emergency preparedness. The release drill enabled us to see first-hand, what procedures needed to be changed. There will be updated information going home in the near future in regards to any amendments the staff and safety committee will be making. We recommend that you keep the updated information on hand for future reference. Once again, thank you for your support.

P.S. Classroom Communications Parents, you will be receiving a mock drill phone call from one of our safety committee members in the near future. At that time, we will also be asking you if you would like to continue to be a communications parent for next year.
